

## Status of Local Solid Waste Management Plans

As of April, 2016 there are 18 local planning units (LPU) with approved plans, 35 in the process of developing an approvable plan, and 16 have plans that are expired and have not yet submitted a revised LSWMP. DEC has categorized the status of the local solid waste management plans in four groups as follows:

- **Comments Issued:** Draft LSWMP has been submitted and commented on, however, the LPU has not yet submitted response to these comments or an updated draft LSWMP.
- **Draft Plan received:** Draft LSWMP has been received and is under review, no comments have been provided yet.
- **Expired LSWMP's:** A new plan has not been submitted by the LPU, however, the LPU had an approved plan at some point.
- **No LSWMP:** The LPU has never had a LSWMP approved and has not yet submitted a draft to the department.

DEC encourages all planning units with expired or expiring LSWMPs to initiate efforts to develop successor plans.

Region	Planning Unit	LSWMP Status
Region 1 - DEC	Town of Babylon	No LSWMP or draft LSWMP submitted
	Town of Brookhaven	Draft plan received
