

DEC released the draft Cayuga Lake Total Maximum Daily Load (TMDL) for public comment in April 2021, and extended the public comment period until July 8, 2021. DEC received comments from a wide variety of stakeholders and is now carefully reviewing these comments and revision requests submitted during the public comment period. DEC's response to comments will be made available on our website, along with the final version of the TMDL at <https://www.dec.ny.gov/chemical/23835.html>.
