ENB Region 8 Notices 3/23/2022

Negative Declaration

Livingston County - The Town of Avon, as lead agency, has determined that the proposed Local Law 2-2022 Battery Storage Law will not have a significant adverse environmental impact. The action involves the adoption of a Local Law Entitled "Adding Article XVI to Chapter 130 of the Code of the Town of Avon to Provide for Battery Energy Storage System Regulation". The project is located throughout the Town of Avon, New York.

Contact: Sharon M. Knight, Town of Avon, 23 Genesee Street, Avon, NY 14414, Phone: (585) 226-2425, E-mail: toaclerk@frontiernet.net.

Positive Declaration

Seneca County - The New York State Department of Environmental Conservation, as lead agency, has determined that the proposed Seneca Meadows, Inc. Valley Infill Project may have a significant adverse impact on the environment and a Draft Environmental Impact Statement must be prepared. The action involves a proposal by Seneca Meadows, Inc. (SMI) to add approximately 47 acres of new landfill liner and approximately 144 acres of overfilling operations, to the existing onsite landfill area (which consist of the original 112 acre SMI landfill and associated overfill, the 67 acre South East landfill, and the 2007 181 acre landfill.) The liner expansion area will cover the 26 acre Tantalio Inactive Hazardous Waste Site (#850004). The project includes the relocation of ancillary facilities, including the truck tire washing station, the maintenance and storage building, the residential drop off center, the fueling island, and the leachate evaporator. The project also includes an increase in the maximum elevation to 843.5 feet above mean sea level, which is approximately a 69 foot increase in height. The project does not include an increase in the existing design capacity (6,000 tons per day) or a change in waste streams. The expansion will take place in the M-2 Zone of the Town of Waterloo. Formal scoping pursuant to SEQR regulations (6 NYCRR 617.8) will be conducted at a later date. The project is located 1786 Salcman Road in Waterloo, New York.
